

RANDY BAEZ

Randy received his Master's degree in mental health counseling from Cambridge College School of psychology. Additionally, he has two undergraduate degrees in both Criminal Justice as well as Sociology. Randy has over 10 years of clinical and community based experience working as a substance abuse counselor, therapist in various settings such as: in-home, community based agencies as well as in inpatient facilities. Randy utilizes a compassionate and empathetic approach with focus on meeting the members of the community where they are at, while working collaboratively to help them achieve their goals and work towards becoming the best version of themselves.
